March 23, 2020

Dear Sponsors/Friends,

First of all, we wish peace and safety be with you and your family! Since the epidemic outbreak in China, we have been working on the collection of medical masks to donate to Chinese hospitals in need. Now while the Chinese epidemic eases, there is suddenly the outbreak of global and the US pandemic.

In the past 2-3 weeks to date, we have repurposed and donated surgical masks, the special ICU quality N-95 masks and other medical supplies to over 100 churches and over 70 hospitals and medical facilities (not including the facilities churches distribute for us) in America, including the states of PA, NJ, NY, KY, IL, RI, CA, TX, MD, DE, VA, CT, MA, NH, IN, DC, WA, AK. Our masks are now almost exhausted, and many hospitals have been reaching out to us due to the extreme shortage of masks.

While American factories are cranking up the productivity of the masks, we estimated there will be about two to three weeks of an urgent gap before the hospitals and clinics are fully stocked again. As the pandemic in the U.S. is likely to peak in April and May, according to all the major news media, we need to protect our front-line health workers NOW!

We are launching an online donation campaign on the Living Hope International website. Donations received on this website will be used to purchase urgently needed medical supplies, and donate to hospitals in need. If you and your church and friends want to support this effort, please go to our website (<https://livinghopeintl.org>) and click "COVID-19 Virus Fund" to donate. We will purchase accordingly and allocate it to the hospitals in greatest need. After you donate, you may also contact us and we will gladly send materials to the hospital or first responder stations of your choice. Please check our website often as we may announce the urgent volunteer needs to answer calls and deliver the masks.

The full amount of funds raised here will be used to purchase and ship the medical supplies. You are welcome to make an additional donation to help our operating expenses (click "Donate" on the top-right of our homepage to donate). You can also make checks payable to Living Hope International (memo: "COVID-19 Virus Fund" and/or "General Fund" according to your preference), and mail it to: PO Box 183, Fort Washington, PA 19034. Should you have any questions, please feel free to contact Yu Cao at COVID-19Fundraising@livinghopeintl.org.

Thank you very much for your dedication and love, and stay safe and healthy!

Sincerely,

Samuel Fang, President/Founder
